

VALLEY ISLE TIMING ASSOCIATION NEWSLETTER

January 2012

Valley Isle Timing Association is in full swing for the New Year. Members, we will be starting off with a General Membership meeting on January 25, 2012 at Iao Congregational Church at 6:30 pm, at the Kanda Hall. We also need to vote on the Membership fee for 2012. Let's make this a super sign-up of members for 2012!

Test & Tune is coming up real soon in February so we should get our vehicles ready to run. This is a good time to see if your vehicle needs any adjusting or maintenance. Before starting in February, we would like to scrape the starting line area. We are planning to do it in three evenings when it is cool. Please contact any one of the Board members if you can help. Good way to get your membership obligation out of the way early.

The following will be our Race Schedule for 2012. Since the majority has favored the Pro Series races (12.90, 11.90, 10.90) and in order to do the Summit Series, the Board of Directors have decided the following race schedule. The Summit Series will include only bikes, Sportsman, and Super Pro.

Valley Isle Timing Association 2012 Race Schedule

FEBRUARY 25, 2012

Valley Isle Timing Association would like to express our heartfelt sympathy to the family of Gerald Fernandez, Jr. who lost his battle with cancer this afternoon, January 15, 2012. He has been racing at Maui Raceway Park for as long as I can remember. He was one of those who felt passionately about his racing and his hot rods. Gerald came in second in the 2011 10.90 Class Points Race but unfortunately was too ill to attend the Awards Banquet to receive his trophy and check but apologized because he couldn't make it. We will miss him at the drag strip and at the Classic Car gatherings and we will certainly miss his talent around cars.

Always in our memories.

Respectfully Submitted,
Irene Hultquist, Secretary, VITA
